

## TEMPORARY SERVICE REDUCTION MCAT Route 3/Manatee Avenue Corridor Effective: May 6, 2017

Route 3 service frequency will be temporarily reduced to every 60-minutes effective May 6, 2017, due to a critical shortage of Transit Bus Operators. This temporary service modification provides time that is necessary for additional Transit Bus Operators to become fully trained for service delivery, and then Route 3 will resume normal operations, with 30-minute service frequency.
